

*Four Worlds*  
*Reviewing the Power of Creation*  
*Zoom Class*  
*November 14 -15, 2020*

**Review and More!**

In July we initiated our awareness of a sacred level of the Universe Moving the Realms of Creation in new ways. We also learned we could use the fields in our mastery of creating.

Saturday, November 14<sup>th</sup> we open the class with discussions, questions, and how each has been able to uncover and discover more wisdom. On Sunday November 15<sup>th</sup> I will offer another level of blessings that are providing another wisdom of the Universe being offered to aid the process of creating.

We will do as we did in the last class and work for 4 hours on Saturday and 4 hours on Sunday. Allowing ourselves to continue gaining awareness of this universal process provides us with the tools to shape shift our world.

**Time - 2-6 pm Mountain Time each day. Fee: \$150 total**
