Each year we establish intentions for a year ahead. Thus, to aid this quality, January 15th has been chosen because of its auspicious symbolic number. Adding the numbers together we discover the single digit is a 4 (as 20 + 2+2). This is associated with the Law of Worldly Development and the Eye of the Divine. It is power packed with the Will to Create and the Will to Be. This date also occurs during the lunar cycle of the Waxing Gibbous Moon. This is the time when concentration and intention is focused on the work of your creations, making sure all is in place and intention is clear. Will you be The Creator? Our first portion of the class will focus on the power within you. The second portion will be on “how to use the power” and what support is there for you.
